

Fire Safety Works Framework

Fire Safety Works framework

Key facts:

Framework term:

10 December 24 - 9 December 27
(plus 1 year extension)

Duration:

3 years with a 1-year optional extension

Total lots:

7

Total number of suppliers:

41

Framework access:

Direct award or mini-competition

Estimated total value excluding VAT:

£300 million

Procurement procedure:

Open Procedure

Price / Quality split:

40% Price / 60% Quality

Main CPV Code:

45343000 – Fire Prevention Installation Works

Contract Notice Reference Number:

2023/S 000-007017

Background

Fire safety encompasses a series of procedures and measures designed to prevent fires, minimise the risk of fire-related incidents, and ensure the safety of individuals and property in the event of a fire. Organisations must ensure their properties are equipped with effective safety measures to prevent fires and mitigate their impact.

Recognising the ongoing importance of fire safety and the need for compliance and transparency, PfH is committed to addressing supply chain challenges with our Fire Safety

Works framework. This framework prioritises quality and compliance, offering a comprehensive range of vetted suppliers capable of undertaking various fire safety works and services.

Inside our framework

This is the second iteration of our fire safety works framework, building on the experience gained from the first. Over 100 members have chosen Procurement for Housing's fire safety offerings as their preferred route to market. This framework provides access to local, regional, and national supply chain partners for fire safety works and services.

Supported by an in-house team of procurement professionals, we offer the expertise needed to design and deliver effective contract solutions tailored to your needs.

Who can access this framework

This framework is available for use nationally by any contracting authority within the United Kingdom.

How we manage your contract

Our team supports you throughout the procurement process, acting as an extension of your internal procurement team or as a fully outsourced solution, depending on your needs. We provide hands-on category expertise and support to ensure optimal contract delivery.

We manage the tender process from start to finish, ensuring you receive competitive pricing and excellent service delivery from our suppliers based on your specific requirements.

Our bespoke platform and data-rich environment enable us to analyse contracts, drive value throughout the agreement, tackle non-compliance, conduct trend analysis, and standardise product ranges to improve the bottom line.

Why use this framework

Access to qualified, accredited, and experienced fire safety contractors and suppliers

Nationwide coverage

Advice and support on all aspects of fire safety

Quality-led framework developed with industry experts

New fire door supply routes with rigorous qualification processes

Enhanced compliance with fire safety legislation and best practices

Support with fire safety system design, installation, and servicing

Assistance with implementing remedial actions from fire risk assessments

Project and risk management services

The framework tender and evaluation process

Our tender strategy included in-depth pre-market engagement with members and suppliers to capture requirements and challenge the supply chain on capacity and capability. Feedback shaped the new solution around lot offerings, compliance, accreditation requirements, commercial value, service, and innovation.

Members expressed a desire for a single supplier for all active fire safety works. In response, we included suppliers capable of offering a full scope of active work

requirements. We also created specific routes for fire door procurement, including contractor supply & fit and manufacturer-based lots.

The framework was tendered with a 60% quality and 40% price weighting to achieve a quality-led framework. Suppliers completed a selection questionnaire to test their insurance, accreditation, competency, and experience, designed with industry experts.

The lot structure

The framework comprises 7 lots, each focusing on specific fire safety specialisms:

Lot 1 - Active Works:

Design, installation, testing, commissioning, handover, and maintenance of active fire protection systems.

Lot 2 - Passive Works:

Design, installation, testing, commissioning, handover, and maintenance of passive fire protection measures.

Lot 3 - Fire Doors – Contractor Supply and Install:

Supply and installation of fire doors with third-party accreditation.

Lot 4 - Fire Doors - Manufacturer Supply and Install:

Manufacture and installation of fire doors verified by an independent specialist.

Lot 5 - Fire Doors - Manufacturer Supply Only:

Manufacture and supply of fire doors verified by an independent specialist.

Lot 6 - Cladding:

Replacement of ACM cladding panels with fire-resistant systems

Lot 7 - Whole Building Works:

Comprehensive fire protection measures for entire buildings.

Suppliers

The framework includes suppliers who meet the minimum standards of accreditation, registration, and qualification required for the services provided. These suppliers hold appropriate qualifications accredited by relevant institutes or associations.

Lot 1 - Active Building Works

Value Band 1 - £0-3m

How our members access the framework

Step 1

Contact us to discuss the framework and your requirements.

Step 2

Establish whether the framework is suitable for your specific requirements.

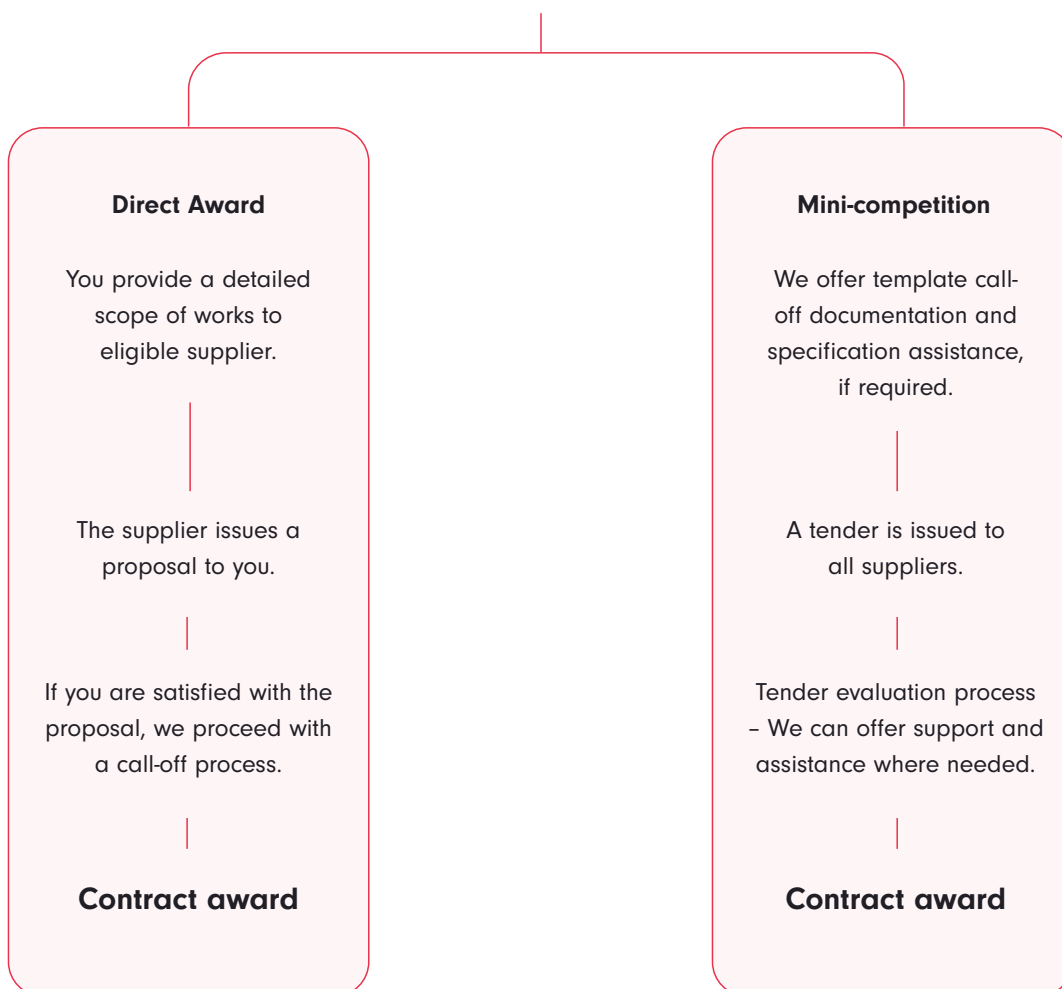

Step 3

If you're not one of our members simply fill in your details [here](#).

Once you are a member

Once a member, we will work with you to establish the best procurement options for you, either direct award or mini-competition.

Unlocking even more value!

Additional products and services to stretch your spend even further:

Fire Safety Consultancy framework

Our awarded suppliers include engineers, surveyors, architects, project managers, and other professionals with accredited qualifications, ensuring services meet the highest industry standards. This framework covers major refurbishment works, new buildings, general property defects, audits of existing facilities, specialist accommodation, high-rise dwellings, and low-rise flats and houses.

Compliance Solutions framework

Our Compliance Solutions framework offers significant value by providing access to a wide range of high-quality compliance services, including asbestos management, damp and mould treatment, electrical compliance, lift services, and legionella testing. It ensures that all contractors are experienced and accredited, guaranteeing robust and reliable services. The framework is flexible, allowing members to choose from national and regional suppliers based on their specific needs. Additionally, PfH offers comprehensive support and advice on compliance, system design, installation, and servicing, along with hands-on contract management expertise to ensure competitive pricing and optimal contract environments.

Consultancy Services

Our consultancy services transform procurement processes and drive value for your organisation. Services include Tender Management, Spend and Cost Insights, Supply Chain Optimisation, Procurement Maturity Assessment, Toolkits and Training, and Procurement Reform Readiness Assessment.

Quantum

Quantum is a single platform that manages your spend and supplier relationships, providing control, transparency, and actionable insights to capture value throughout your contracts. PfH's cloud-based Quantum technology enhances transparency and visibility across your contracts, helping you stay ahead.

Introducing PfH

Procurement for Housing (PfH) is a premier purchasing consortium for UK Housing Associations, ALMOs, Local Authorities, and other public bodies. As a Contracting Authority under UK public procurement regulations, PfH manages an annual spend of over £0.4 billion and serves 1,100 members.

20
+

Years supporting social housing sector organisations

30
+

Framework and DPS solutions at your fingertips for quick, reliable, compliant, and cost-efficient procurement

1100
+

Brilliant members

A team of talented, experienced and qualified category-specific, procurement professionals, here for all your procurement needs; including expert advice and analysis

Access to a compliant pool of quality suppliers, ranging from national suppliers to local SMEs and social enterprises

Unmatched procurement technology platform, Quantum - your gateway to greater control, visibility, and insight

Why work with us

Working with PfH on your next project gives you access to the following benefits:

£32m cost savings

Keep the cost of completing your project within your budget with our procurement consultancy services and compliance solutions that give access to a ready pool of suppliers, manufacturers and contractors. We've made over £32m direct savings for our members in 2024.

Great value

Get the most from your budget with our advanced contract and spend management technology and rigorous and collaborative approach to finding suitable suppliers for your needs.

Improved efficiency

No matter how complex your projects are, you can outsource your procurement and purchasing management needs to us, and we will ensure efficiency and quality of service.

Give Back: £2m social value

Support your mission to give back to the community through our compliance solutions that track social value. We have created £2m of tangible value that has positively impacted people's lives in 2024 alone.

Saved time and cost

Simplify your invoicing process and free up valuable time for more critical tasks. We have saved 20,000+ working days and £1.7m+ in administration costs by providing consolidated billing to our members since 2019.

Rapid results

Start work on your project without the long wait with our vetted network of suppliers, manufacturers and contractors, who are ready to meet your programme goals and are easily accessible via direct awards or mini-competitions.

Peace of mind

Skip the stress by staying compliant and maintaining industry safety standards with our expertise and pre-vetted suppliers.

What our members say

“

Bespoke procurement advice for your business

Their services extend beyond the ability to get quick and easy access to contractors. They offer procurement advice, peer review and many other benefits whilst meeting all procurement guidelines. I would recommend joining the framework, they will provide your business with bespoke procurement advice around your business needs.

Graham McDowall,
Project Manager,
Ng Homes

“

Quantum has been a great help

With regards the Data and Insight Portal, [Quantum], since we have had access to this tool it has been a great help in seeing the day-to-day accounts we run through PfH. It is particularly helpful to see where our spend is going and helps us with identifying products which we are using more direct with the member merchants and can look to move into our core stock.

Mark Davies,
Supply Chain Manager,
incommunities

“

Excellent industry wide knowledge

The staff are incredibly responsive to requests and provide excellent industry wide over-sight and knowledge to enable us to make the right decisions, ensuring we are always providing a high quality, value for money service.

Steve Preston,
Head of Operations APS,
Leeds Federated Housing

“

Hands-on support and relevant frameworks

We always find them to be very helpful and knowledgeable and have lots of relevant frameworks for us to access. They are a very helpful resource; we find them to be very hands on and nothing is too much trouble.

Carmen Young,
Procurement Officer,
Bromsgrove District Council

How we can help

Procurement for Housing is a technology-enabled procurement partner for the social housing sector. We help manage spend, drive sustainable value, and improve operational efficiency, positively impacting people's lives.

We offer procurement consultancy, compliant solutions such as frameworks and Dynamic Purchasing Systems (DPS), and procurement technology and analytics through our Quantum platform.
